

Why have noise zones?

Everyone who visits the Schaumburg Township District Library deserves a great place to read, study and socialize.

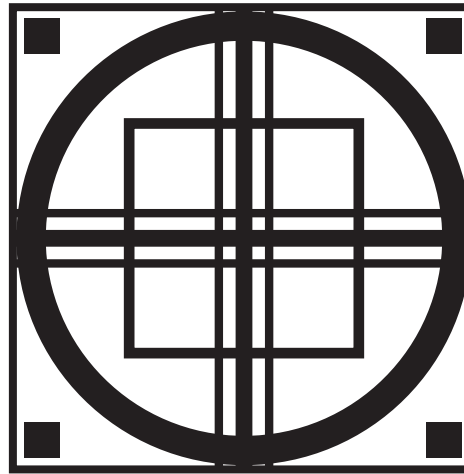

In an effort to better serve our patrons, the Central Library has designated zones which permit different noise levels and activities.

Please remember

The library is here for everyone. All visitors have the right to read, work and study at the Schaumburg Township District Library without unnecessary disturbance or distraction. All visitors also have a responsibility to respect the rights of others.

Help us make your library a great place to visit. Find the zone that is appropriate for your needs and please respect the rights of the people around you.

If you have any questions or comments about these guidelines, please contact a library staff member.

Schaumburg Township Library

130 South Roselle Road
Schaumburg, IL 60193
(847) 985-4000
